## Celebrating 20 Years in the Comox Valley!

Long-time residents of the Comox Valley have witnessed many changes within our community over the years. Parks and greenspaces have emerged, residential developments have flourished and landmarks of the past (such as Fields Sawmill, Farquharson Farms or the Lorne Hotel) have slowly evolved to reflect a new face for our community. Of course we expect change, yet we can never fully predict what it will be or how it will impact us.

Twenty years ago, Odlum Brown Limited – a well-known BC-based investment firm – opened our doors to offer investment management and financial services to residents of our ever-expanding community. Fast forward to today, we find the successful office in Courtenay having grown from just two employees to seven, with continued expansion in its sights. We have a dynamic, committed, community-minded group who has, over the years, sponsored numerous local charities including the Boys and Girls Club, the Sid Williams Theatre, the Perseverance Trail Run and the Comox Valley Community Foundation, to name just a few.

There have been many changes within the investment industry over the past 20 years, let alone Odlum Brown's 95-year tenure throughout BC. Fortunately for clients, the firm remains independent and employee-owned, and our commitment to our core values of integrity and sound investment advice has not wavered. Janine Martin, Vice President, Portfolio Manager and Branch Manager of Odlum Brown's Courtenay office says, "Odlum Brown's success was built on integrity and commitment to our clients, and I am very proud to be a part of a devoted team who continues to understand the importance of making our clients' needs our priority. It's comforting to know that some things don't need changing."

We look forward to serving the Comox Valley for the next 20 years!
